QUALITY PROFESSIONAL SWEEPERS  
SINCE 1876

## From the family who invented the sweeper...

comes our BISSELL Professional line of mechanical sweepers. These quiet, motorless sweepers are the convenient alternative for touch-ups between vacuuming making them the perfect choice for food service, hospitality and contract work applications alike. These three models adjust automatically to all types of flooring providing effective cleaning, while the four corner brushes make edge cleaning more manageable. The soft grip, threaded handle system addresses strength and comfort during operation. All models fold flat for inconspicuous storage, easy access under furniture and are space efficient allowing you to clean large areas and those tight spots with ease. Durable steel construction, easy empty dustpans and a low profile make BISSELL Professional line of mechanical sweepers a truly effective, environmentally friendly alternative for the commercial marketplace.

BISSELL & SONS

### History

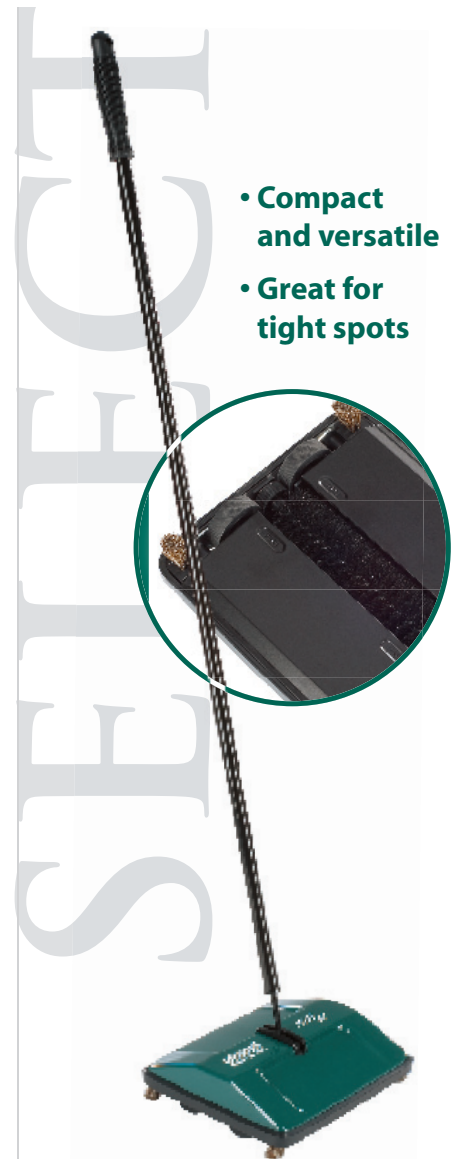

When BISSELL patented the first carpet sweeper in 1876, it revolutionized cleaning and swept the country off its feet. The drive to deliver more breakthroughs inspired over a century of product innovations, with new mechanisms, brushes and styles evolving over the years. BISSELL's attention to detail has become the trademark of a distinctive product line, and has proven that innovation is not only what gets you to the top, it's what helps you stay at the top.

- Dual rubber rotors
- Great for wet/dry cleaning

- Dual rotating brushes
- Great for large and small debris

- Compact and versatile
- Great for tight spots

### 52326 SPECIAL EDITION

This wide versatile, brushless sweeper is perfect for food service applications or hospitality use with its 2 rows of non-marking rubber rotors that quietly and effectively sweep up debris such as crumbs, dirt and semi-liquid waste from a variety of floor surfaces. The handle lies flat to clean under furniture with four natural boar bristle corners that make fine cleaning easy.

- Durable, threaded handle
- Soft rubber wheels conform to a variety of floor surfaces
- Specially for low pile carpet and bare floors
- 7.5" wide cleaning path
- Dual debris canisters with viewing window
- Two rows of rubber rotors

### 52324 CLASSIC

This classic sweeper works great on bare floors and low pile carpets making it ideal for food service, hospitality and contract work. Especially effective for large debris as well as small crumbs and dirt, this sweeper features a dual debris pan with a one-touch cleaning door, two rows of brushes and natural corner brushes.

- Durable, threaded handle
- Soft rubber wheels conform to a variety of floor surfaces
- Specially for low pile carpet and bare floors
- 7.5" wide cleaning path
- Dual debris dustpans

### 5232 SELECT

Perfect for bare floors and low pile carpet, this sweeper features durable steel construction with natural boar bristles and an easy to empty debris canister for effortless cleaning. The handle lies flat to get under furniture and easily fits into tight spots making it ideal for food service.

- Durable, threaded handle
- Soft rubber wheels conform to a variety of floor surfaces
- Specially for low pile carpet and bare floors
- 6.5" wide cleaning path

**Durable, Threaded Handles**
